EXECUTIVE SUMMARY

House Republicans publicly turned on Stephen Miller's promotion to chief of staff ("Horrible decision," per Rep. Marlin Stutzman), while Trump offered UFC CEO Dana White the vacant press secretary job (White meets Trump Monday) and ordered the Justice Department to investigate Democrats he accused of "extortion" for threatening impeachment. CENTCOM stood up Task Force Iron Gate to choke Iran's land and Caspian routes and disabled the blockade-running bulker Huda; Qatar's mediation plan (lift blockade, release part of $8B frozen assets, IAEA visits, Hormuz reopened on day two) is under Iranian review. In Hormuz, UKMTO reported a tanker on fire with crew abandoned 8 nm northwest of Khasab and a second outbound tanker struck by a projectile Saturday night. Houthi missiles aimed at Riyadh were intercepted Sunday but shrapnel damaged an Aramco building. Axios reports House GOP leaders expect enough defections to impeach Hegseth this week. Alaska and Mississippi remain uncalled. Russia hit Ukraine's grid hard ahead of Abu Dhabi talks 10–11 NOV, leaving about 850,000 without power. A gunman killed six in Kraków, Poland (no Americans reported harmed). US markets were closed; MN regular is $3.9111 and diesel $6.0446 (AAA 08 NOV); gold about $4,072; debt $40.556T (05 NOV).

ITEM 1: White House — GOP Backlash to Miller; Trump Offers Press Secretary Job to Dana White; Trump Orders DOJ to Probe Democrats over "Extortion"

WHAT / WHERE / WHEN

Several House Republicans criticized Stephen Miller's elevation to chief of staff: Rep. Marlin Stutzman (R-Ind.) called it a "Horrible decision" and said "Because of his immigration positions, I just think we ruined a lot of our goodwill with Latino voters"; retiring Rep. Don Bacon (R-Neb.) said Miller "greatly hurt the administration and cost us many seats"; an unnamed GOP lawmaker called him "a megalomaniac who should have never been given the keys to the Ferrari" while adding "he's not the reason why we lost" (Fox News Digital, 07 NOV). VP Vance and Freedom Caucus Chair Andy Harris praised Miller (Fox News). On Saturday, 07 NOV, Trump posted on Truth Social that "the Great Dana White, a violent Fighter and Warrior, has been offered the job of Press Secretary"; White said in London he would meet Trump Monday, 09 NOV, and posted an image captioned "On to the next chapter" (NBC; AP). The post has been vacant since Katie Zacharia left after five days in October (NBC). Also Saturday, Trump wrote "I am ordering the Department of Justice to look into this criminal act, immediately!", calling Democratic impeachment and punishment threats against officials, donors, and supporters "extortion at the highest level" and naming Sen. Elissa Slotkin (D-Mich.); he did not identify the alleged letters, senders, or recipients (CNBC; Washington Post). Trump's "60 Minutes" interview airs Sunday, 08 NOV, after this cutoff.

US IMPACT ASSESSMENT	Open GOP dissent over Miller signals weaker party discipline in the lame duck and on the Hegseth vote. A DOJ probe of incoming majority oversight threats sets up an early executive–congressional legal clash before Democrats take the gavels in January.
SOURCE SYNOPSIS	Fox News Digital (07 NOV, read directly); NBC News (07 NOV, read directly); AP and USA Today (07 NOV, search); CNBC (07 NOV, read directly); Washington Post (07 NOV, lead only, paywall); Fox News, Daily Wire, TheBlaze X posts (07–08 NOV).
MEDIA FRAMING (RIGHT)	Fox News led with GOP lawmakers' anger at Miller and framed the Dana White offer as possibly a joke; Daily Wire ran Trump's "Dana, please take the job!" straight; Fox flagged the DOJ order as "NEW" after Democrats "retook control." TheBlaze focused on Democrats, including Hillary Clinton wanting to subpoena Elon Musk.
MEDIA FRAMING (LEFT/MAINSTREAM)	CNBC stressed the DOJ order came without evidence and recalled a grand jury declining to indict Slotkin and others over the 2025 "illegal orders" video; NBC noted Wiles is the seventh woman to leave the administration this year, nearly all replaced by men.
CONFIDENCE	HIGH (on-record posts and quotes, multiple outlets). LOW on whether White will accept.

ITEM 2: Iran — CENTCOM Launches Task Force Iron Gate; Qatar Plan Details Emerge; Iran Reviewing; $20M Nuclear Reward; New Blasts on Qeshm and Jask

WHAT / WHERE / WHEN	On Saturday, 07 NOV, CENTCOM said Adm. Brad Cooper directed formation of Task Force Iron Gate, about 20 civilian and military personnel in Tampa, to coordinate with other agencies on preventing "the movement of advanced weapons systems, dual-use technologies, sanctioned materials, and illegal revenue streams across Iran's land borders and the Caspian Sea" (CENTCOM via Fox News; Washington Post). The Guardian reported Qatar's proposal: the US would immediately lift the naval blockade and release a portion of about $8 billion in frozen Iranian assets; Iran would allow IAEA visits to bombed nuclear sites based on the abandoned September 2025 Cairo agreement, without committing to remove its enriched-uranium stockpile (down-blending is an option), and would reopen Hormuz on day two via a route negotiated with Oman. Iran's other preconditions include ending the war in Lebanon, US forces' withdrawal from Iran's coastline, some sanctions relief, and reparations (Guardian). AP, citing two officials, reported Iran is reviewing Qatar's proposals but remains unwilling to negotiate on nuclear issues until the US meets several conditions (via ABC Australia). State's Rewards for Justice offered up to $20 million for information on Iran's nuclear personnel and programs, and State reissued its Middle East security alert citing Houthi attack threats and Iranian efforts to target US officials (ABC News). Iranian state media reported two explosions on Qeshm and several in the port of Jask Saturday evening, possibly tied to Iranian military activity; no US strike was confirmed (ABC Australia/AP/Reuters). Trump said there has been "progress" on a deal (ABC News).
US IMPACT ASSESSMENT	Iron Gate widens the pressure campaign from sea to land and Caspian routes, signaling Washington is tightening rather than easing while diplomacy runs. Qatar's sequencing (blockade relief first) is the main path to reopening Hormuz and lowering US fuel costs, but Iran's added preconditions keep a deal distant.
SOURCE SYNOPSIS	CENTCOM statement via Fox News live page and Washington Post (07 NOV); The Guardian (07 NOV, read directly); ABC News live updates via Yahoo (08 NOV, read directly); ABC Australia compiling AP/Reuters (08 NOV, read directly); LA Times/AP (07 NOV, search).
MEDIA FRAMING (RIGHT)	Fox News emphasized the $20 million reward, Iron Gate, and Trump's statement that Iran is eager for a deal because of economic troubles and military damage.
MEDIA FRAMING (LEFT/MAINSTREAM)	The Guardian said Trump's threats are "less credible" inside Iran after Vance tied the war to the midterm losses and described Tehran as "triumphalist"; AP framed the review as raising hopes of indirect nuclear talks.

CONFIDENCE	HIGH on Iron Gate, reward, and security alert (official statements). MODERATE on Qatar plan details (Guardian, unofficial). LOW on the cause of the Qeshm/Jask explosions.

ITEM 3: Gulf Shipping — US Disables Bulker Huda; Tanker Ablaze, Crew Abandon Ship off Khasab; Second Outbound Tanker Struck; IRGC Claims Two Tankers Hit Mines

WHAT / WHERE / WHEN	CENTCOM said US forces disabled the St. Kitts and Nevis-flagged bulker Huda in the Gulf of Oman on 07 NOV after it made multiple attempts to pass the blockade after visiting an Iranian port; a US aircraft "fired precision munitions at the stern" (Seatrade Maritime; ABC News). Pole Star Global lists the owner as Embrace Shipping Management of Turkey (Seatrade). ABC called it the 11th ship CENTCOM has disabled since July; Seatrade, citing CENTCOM, said 147 vessels redirected, five merchant ships disabled, and 10 shadow-fleet tankers previously "destroyed." UKMTO reported a time-late report of a tanker on fire 8 nm northwest of Khasab, Oman, at 1920 UTC 07 NOV, with the crew having abandoned ship; vessel and crew status unknown (Seatrade; ABC News). UKMTO separately reported an outbound tanker "struck by an unknown projectile" in the strait Saturday night, with "All crew … safe and accounted for" and no environmental impact reported (ABC News). The IRGC Navy said two tankers on an "unauthorised route" in the eastern strait, with navigation systems off and US support, hit mines and caught fire (IRNA via ABC; Guardian). Seatrade counts eight vessels attacked by Iran in Hormuz and the Gulf since 01 NOV.
US IMPACT ASSESSMENT	Attacks and US interdictions continued at pace through the weekend, which will weigh on Monday's oil open and keep war-risk premiums high. The abandoned tanker is the most serious incident since the Velos Sapphire fatality.
SOURCE SYNOPSIS	Seatrade Maritime (08 NOV, read directly); ABC News live updates (08 NOV, read directly); The Guardian (07 NOV); Fox News X post (07 NOV). UKMTO warning numbers for the two Saturday incidents were not retrieved.
MEDIA FRAMING (RIGHT)	Fox News framed the Huda as a crew that "ignores repeated warnings and attempts to breach" the blockade.
MEDIA FRAMING (LEFT/MAINSTREAM)	Seatrade framed the weekend as Iran and the US trading strikes on commercial vessels.
CONFIDENCE	HIGH on Huda (CENTCOM). HIGH that UKMTO reported both incidents. MODERATE on whether the Khasab fire is one of the IRGC's two "mine" tankers (not established). Disabled-ship count varies by source.

ITEM 4: Saudi Arabia / Yemen — Houthi Missiles at Riyadh Intercepted; Shrapnel Damages Aramco Building in KAFD; Dueling Casualty Claims in Yemen

WHAT / WHERE / WHEN	Saudi coalition spokesman Turki al-Maliki said on Sunday, 08 NOV, that air defenses intercepted three Houthi ballistic missiles, two cruise missiles, and one drone; two ballistic and both cruise missiles targeted Riyadh, and another targeted the Eastern Province (ABC News; Al Jazeera; SPA). The Energy Ministry said falling shrapnel caused "minor damage" to an Aramco administrative building in Riyadh, with "no injuries or fatalities"; outlets placed it in the King Abdullah Financial District (Al Jazeera; ABC News). Civil Defense issued and then lifted warnings for Riyadh and Najran. Houthi spokesman Yahya Saree claimed Saturday strikes on King Khalid International Airport and Aramco sites in Khurais and Dawadmi (unverified; no Saudi damage reported). The Houthi-run Health Ministry said coalition airstrikes on al-Shariyah village in Bani Hushaish near Sanaa killed 33, including 13 children (unverified). Friday's Taiz market attack killed 30; Houthis blamed Saudi airstrikes while Yemeni government forces blamed a Houthi ballistic missile (Al Jazeera).
US IMPACT ASSESSMENT	Damage to an Aramco building in Riyadh's financial district shows Houthi fire reaching Saudi economic centers, adding to Gulf supply risk alongside Hormuz; the reissued State Department alert reflects higher threat to Americans in the region.

SOURCE SYNOPSIS	Al Jazeera (08 NOV, read directly); ABC News live updates (08 NOV, read directly); AP, Arab News, SPA, Telegraph (08 NOV, search headlines).
MEDIA FRAMING (RIGHT)	No right-leaning Saudi/Yemen coverage found in monitored feeds this period.
MEDIA FRAMING (LEFT/MAINSTREAM)	Al Jazeera put the attack in the context of the collapsed truce and UN figures of more than 1,600 killed since July; the Telegraph headlined that a Houthi missile "smashes into Saudi skyscraper."
CONFIDENCE	HIGH on intercepts and Aramco building damage (Saudi official). LOW on Houthi target claims and Houthi casualty figures.

ITEM 5: Pentagon — Axios: GOP Leaders Brace for Enough Defections to Impeach Hegseth This Week; Pentagon Vows He Will "Not Back Down"

WHAT / WHERE / WHEN	Axios reported on 08 NOV that House Republican leaders are bracing for enough GOP defections to impeach Defense Secretary Pete Hegseth when Rep. Thomas Massie forces a vote this week on his resolution alleging Hegseth defied Congress and illegally continued the Iran war. A GOP lawmaker told Axios, "Iran, Iran, Iran … We should have never done the war before the midterms." Massie wrote that the one contingency in which he would not reintroduce the articles is if "Hegseth resigns." Rep. Don Bacon told Axios he is undecided. Pentagon spokesman Sean Parnell said "Secretary Hegseth will not back down" and is "100% committed to leading the Department until the end of President Trump's term" (Axios). Axios also reported some administration officials are pushing for Hegseth's ouster.
US IMPACT ASSESSMENT	House impeachment now looks plausible this week; Senate conviction still requires two-thirds and is unlikely. An impeached defense secretary would weaken US leverage in Iran talks and the $1.5 trillion budget fight.
SOURCE SYNOPSIS	Axios (08 NOV, read directly); Fox News "reporter's notebook," NBC, Bloomberg Government (search headlines).
MEDIA FRAMING (RIGHT)	Fox News ran an analysis of how the midterms "changed the math" on impeachment; no Blaze, Daily Wire, or Timcast defense of Hegseth was found.
MEDIA FRAMING (LEFT/MAINSTREAM)	Axios framed defeated Republicans as having "little left to lose" and Hegseth as "the face of the war."
CONFIDENCE	HIGH on quotes. MODERATE on vote outcome (leadership expectations, unnamed sources).

ITEM 6: Elections — Alaska and Mississippi Still Uncalled; Colom +~2,500, Peltola +637; Mississippi Cure Deadline 10 NOV

WHAT / WHERE / WHEN	In Mississippi, Democrat Scott Colom leads Sen. Cindy Hyde-Smith by about 2,500 votes (about 49.1% to 48.8%) per AP, which has not called the race; estimates of outstanding ballots range from about 20,000 (Republican estimate, per USA Today) to about 30,000 (AP/election officials, per KOCO and Election Central). Voters have until 10 NOV to cure affidavit-ballot problems; counties certify by 13 NOV (USA Today; Election Central). Hyde-Smith posted, "We are not backing down. This election is not over" (KOCO). In Alaska, Democrat Mary Peltola leads Sen. Dan Sullivan 102,962 to 102,325 (637 votes) with about 74% of the expected vote counted; ranked-choice tabulation is set for 18 NOV if no one reaches 50% (AP/ABC results via multiple outlets). Democrats hold at least 54 Senate seats; the two races decide whether the majority is 54, 55, or 56 (USA Today).
US IMPACT ASSESSMENT	Unchanged from yesterday: these races set the size of the Democratic Senate majority for confirmations and war-powers votes. Legal fights in both states are likely.
SOURCE SYNOPSIS	USA Today (07 NOV, search excerpt); KOCO/Hearst (07 NOV); Election Central (07 NOV); AP/ABC result tables via secondary summaries.
MEDIA FRAMING (RIGHT)	Fox News and TheBlaze focused on other races and figures, including Byron Donalds's Florida win and Sen.-elect Abdul El-Sayed; no right-leaning count coverage found.

MEDIA FRAMING (LEFT/MAINSTREAM)	USA Today framed both races as heading toward “legal fights”; KOCO called them a “stunning twist” in states Trump won by double digits.
CONFIDENCE	HIGH on Alaska tallies. MODERATE on Mississippi margin and outstanding-ballot estimates (vary by source and time).

ITEM 7: Russia–Ukraine — Russia Hits Grid Before Abu Dhabi Talks; About 850,000 Without Power; Moscow Sends Higher-Level Delegation

WHAT / WHERE / WHEN	Ukraine’s energy ministry said a “massive attack” on energy facilities Saturday, 07 NOV, darkened five regions and hampered transmission around Kyiv, including systems carrying power from two nuclear plants; Zelenskyy said Russia launched 172 drones and 36 ballistic missiles overnight, including North Korean KN-23s (Guardian; Independent). On Sunday, DTEK said more than 600,000 were without power in Dnipropetrovsk and about 250,000 more lost power in Kharkiv region (Al Jazeera). Zelenskyy said Russia launched 115 missiles, nearly 1,900 guided bombs, and over 3,000 strike drones in the past week and accused Moscow of trying to pressure Kyiv’s position in talks (Kyiv Post; Guardian). Russia’s delegation to the 10–11 NOV Abu Dhabi trilateral will be led by Vladimir Medinsky and include Deputy FMs Sergei Ryabkov and Mikhail Galuzin and GRU chief Igor Kostyukov (Kyiv Post citing Bloomberg/Reuters). Ukraine’s navy hit the Proton-Electrotex plant in Oryol with a Neptune missile, its second strike there in a month (Independent citing Kyiv Independent).
US IMPACT ASSESSMENT	A senior Russian team including Ryabkov, who handles US relations and arms control, suggests Abu Dhabi may go beyond technical issues; escalated grid strikes raise pressure on Washington to deliver air defense even as it mediates.
SOURCE SYNOPSIS	Al Jazeera (08 NOV); The Guardian briefing (08 NOV); Kyiv Post (08 NOV); The Independent live (07–08 NOV); all search excerpts.
MEDIA FRAMING (RIGHT)	No right-leaning Ukraine coverage found in monitored feeds this period.
MEDIA FRAMING (LEFT/MAINSTREAM)	The Guardian and Al Jazeera framed the strikes as coercion timed to the talks; Kyiv Post read the delegation as a possible signal of more substantive engagement.
CONFIDENCE	HIGH on outages and delegation. MODERATE on strike totals (Ukrainian official figures).

ITEM 8: Poland — Gunman Kills Six in Kraków’s Main Market Square; Officials Call It a “Terror Attack”; No Americans Reported Harmed

WHAT / WHERE / WHEN	On Saturday, 07 NOV, a Polish man in his mid-20s with an automatic rifle fired from a moving vehicle in Kraków’s Main Market Square, killing six (including a UK national) and injuring at least 15, including two seriously wounded police officers; three relatives were later found dead in his home (NBC). Poland’s defense minister called it a “terror attack”; the interior minister said the shooter held “ultranationalistic” views. The attacker was shot by police. The State Department said it was not aware of any Americans harmed; the US Embassy issued a security alert, and US Ambassador Tom Rose said “America stands with Poland” (NBC; US Embassy Poland).
US IMPACT ASSESSMENT	Low direct US impact; relevant to Americans traveling in Europe and to a NATO frontline ally’s internal security.
SOURCE SYNOPSIS	NBC News (07 NOV, read directly); US Embassy Poland security alert, ABC, BBC, Guardian (search headlines).
MEDIA FRAMING (RIGHT)	Fox News posted video of people fleeing the square.
MEDIA FRAMING (LEFT/MAINSTREAM)	NBC emphasized the shooter’s far-right ideology and the officers’ actions.
CONFIDENCE	HIGH.

ITEM 9: Minnesota — Finstad Formally Requests MN-1 Recount; MN Gas Falls Again

WHAT / WHERE / WHEN	Rep. Brad Finstad formally requested a recount in the 1st Congressional District, where Democrat Jake Johnson leads by 323 votes, below the 0.25% threshold for a publicly funded recount; the State Canvassing Board meets 19 NOV (Star Tribune; Mankato Free Press/The Journal, 07 NOV). AAA's Minnesota regular average fell to $3.9111 (see cost snapshot).
US IMPACT ASSESSMENT	MN-1 remains unresolved into late November; it does not affect House control.
SOURCE SYNOPSIS	Star Tribune and The Journal (07 NOV, search excerpts); AAA Minnesota (08 NOV, read directly).
MEDIA FRAMING (RIGHT)	No right-leaning Minnesota coverage found in monitored feeds.
MEDIA FRAMING (LEFT/MAINSTREAM)	Local outlets reported the request straight.
CONFIDENCE	HIGH on the request and margin.
